## Petar Jakovina Trail

The Petar Jakovina Trail provides convenient access to the incredible world of nature which we, in Lafayette, have the good fortune to have as our cohabitant. This trail offers a variety of natural environments including: open space, a bench to enjoy the vista, and a canyon with lush vegetation of Bay Laurel, Oak and Buckeye bordering a peaceful creek. These natural resources beckon your company and offer a treasure chest of relaxation and inspiration.

This 'feeder' trail has been constructed by the California Conservation Corps to provide access to the scenic Lafayette Ridge Trail (EBRPD) and Briones Regional Park from downtown Lafayette. We encourage you, your family and friends to enjoy this trail and to explore the areas beyond by hiking the regional network of trails.

This trail may be reached on foot starting at the intersection of Deer Hill Rd., and Sierra Vista. Walking up Sierra Vista, turn Left at Sessions Rd., and continue up hill 1/4 mile to trail entrance on your Left. The distance to the Lafayette Ridge Trail is an additional 3/4 mile, and mostly uphill. A large number of stairs are involved in the ascent.
