RESPONSE TO PRE-BID RFI NO. 4

QUESTION: Form 00 42 08 is required for every subcontractor, but is it required to be submitted at the time of bid?

ANSWER: Per 00 20 10 the content of the bid does not need to include the document in question. If a bidder becomes the apparent low bidder, City will require this form and all the other specified certificates and forms for the General Contractor and all subcontractors to evaluate the bid prior to award.
