# Sustainable Sunday

## A Special Fundraiser for Sustainable Lafayette

October 26, 2-5 p.m.

Metro Lafayette  
3524 Mt Diablo Blvd  
Lafayette, CA 94549

If you are passionate about living sustainably, don't miss this special event featuring:

**Organic/sustainably-produced local appetizers** - Dine on seasonal hors d'oeuvres prepared by Metro's award-winning chef;

**ZD organically-farmed wines, local beer and spirits** - Sample these delicious beverages and learn from the winery owner how the wines were made;

**Inspiring speakers** - Our founder, Steve Richard, will share a vision for how a "Sustainable Lafayette" can become the greatest place we've ever lived. A handful of creative thinkers will give short TED-style talks covering different elements that define a sustainable community. Frog Hollow's Farmer Al Courchesne, Gordon Chong, former President of the American Institute of Architects, and Judi Shils, founder of Teens Turning Green and Conscious Kitchen are among the speakers.

**Unique silent auction items** - Bid on an array of environmentally-friendly items.

Open-seat tickets are \$49 per person or \$400 for a reserved, front row table of 8. Register at <https://sustainable-sunday.eventbrite.com> or call 925-284-5069 for more information.
