

Cars, Bikes, Peds... OH MY!

**Transforming
suburban
downtowns
through innovative
street design**

Where: Lafayette Library & Learning Center • 3491 Mt. Diablo Blvd. Lafayette, CA
When: Thursday May 28, 2015 • 6:00 – 7:30 pm in the Community Hall

Join us for a panel discussion on transforming streets into safe places that can accommodate all users. Speakers include Bryan Jones of Alta Planning + Design, Jim Daisa of Stantec, Phil Erickson of Community Design + Architecture and Matt Taecker of Taecker Planning & Design. Refreshments will be provided at a reception in the same location following the speakers.

The speakers will share their ideas and experiences with case studies that exemplify successful street designs. Learn about strategies and implementation measures to make downtowns inviting spaces for all users.

This is a free event co-sponsored by the City of Lafayette, AIA and APA. Questions can be directed to:
