If the contractor allows vehicle traffic into or out of the closure it will be at their discretion and dependent on the construction activity and safety of the access. Please note that emergency vehicles will be provided access at all times.

The contractor's schedule calls for the following road closure dates:

The City and the contractor are anxious to complete this project with minimum delay and inconvenience to you. While the work is in progress, please lend us your cooperation and extra patience and be alert to equipment, workers, and traffic control.

During the construction, questions regarding the work may be directed to Mike Wright, Project Engineer for Graniterock at (408) 574-1400. I may be reached at (925) 299-3247. Again, your patience and cooperation are very much appreciated.
