

Project Update

Quandt Road Pathway Project

Date: 12/18/15

This week, the Contractor completed paving the westbound lane along Quandt Rd. between Quandt Ct. & Pleasant Hill Rd. as well as completing the installation of the pedestrian push button and traffic loops.

Next week, weather permitting, the Contractor anticipates performing the following work:

- Install the striping and markers;
- Complete Punchlist and clean up.

While the work is in progress, please lend us your cooperation and extra patience and be alert to equipment, workers, Flaggers, “No Parking signs”, and traffic.

This will be the last Project Update posted for this project. At this time I would like to take this opportunity to thank you for all your cooperation and patience during the construction and have a very happy holiday.

If you have any questions or concerns, I may be reached at (925) 284-1951. Again, your patience and cooperation are very much appreciated.

Farzaneh Sanders
