

ADDENDUM #2

CITY OF LAFAYETTE

TAYLOR BLVD / PLEASANT HILL RD SAFETY IMPROVEMENTS

Project Number 014-9709

Federal Aid Project Number HSIPL 5404(027)

The following changes and additions shall become a part of the plans and specifications for the above project, and shall be bound by the General Provisions, Special Provisions, and all other conditions of the Bid Documents.

1. On the **Project Plan** (in Appendix D), the quantity indicated for concrete barrier should read "**140 LF**" to be consistent with the Bid Schedule. Actual limits of the barrier shall be located in the field by the Engineer. Payment shall be made per actual footage of barrier installed.
2. In **SP24-04** of the Special Provisions, "Construction" of High Friction Surface Treatment-HFST may be applied by any methods, not exclusively by mechanical means, as long as the entire installation conforms to other requirements in the Special Provisions in every respect, including the state spread rates for binder and aggregates, uniformity, and coefficient of friction.
