AN IDEAL HUSBAND by Oscar Wilde

The strength of women comes from the fact that psychology cannot explain us. One of Oscar Wilde's most beloved—and funniest—plays closes out our season! Featuring biting wit, this play takes aim at hypocrisy as well as women's place in society.

CAMP AWESOME

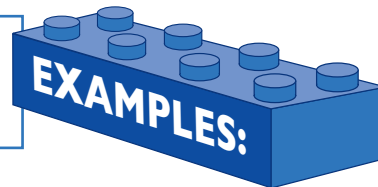

AWESOME CAMP CONNECTION

Build Your Day with the Camp Connection Program!

Camp Awesome counselors will pick your child up from their morning camp and take them to their afternoon camp. Participants will join in all the fun Camp Awesome has to offer. Sign-up for connection by the week and choose the number of hours you need to fill the gap in your camp day. Fill a 5- to 60-minute gap with the 1-hour connection, a 61 to 120-minute gap with the 2-hour connection and so on. Off-site camps do not connect. Participants must bring a lunch. This program is meant to connect camps or extend a day until 2pm and may not be used as an hourly rate for Awesome Afternoon Camp.

Registration begins April 10th.

Weekly Activities:

Games2U twice a week (laser tag, bird launcher & video game truck), summer shows (jugglers, magicians, clowns), movies, water play for the hot After Care afternoons and surprise theme days (performers, movies, themes and activities vary each week so, no two weeks are the same!)

The Awesome Game Room:

Between activities campers will enjoy basketball, foosball, board games, toys, LEGO®s, coloring and Wii® with Just Dance™.

For the Small & Awesome:

Four to six year old morning campers have their own group with toys and activities geared toward younger campers.

Lafayette Tiny Tots Preschool

2.5 Yrs-Pre-Kindergarten

Your child will enjoy interacting with other pre-schoolers in a warm and loving environment. Each class offers a comprehensive early childhood program with emphasis on activities and experiences for children to work, play and grow according to their own pattern of development. The experienced instructors possess degrees in early childhood education. These classes are not parent participation classes, but parents are welcome to stay until their child is comfortable.

Call 299-3266 or visit www.lafayetterec.org for more details.

ARTS & CRAFTS CAMPS

Kids' Carpentry™

5-12 Yrs

Michael and Jeab are back from Thailand and will be teaching together this summer! Since 1982 Michael Glass, the director of Kids' Carpentry, has taught thousands of children the safe use of hand tools. Children may choose from a wide variety of projects after first completing their sanding block and supertop. While building their projects from scratch children are introduced to concepts like applied math, problem solving, fine motor skills and empowered with the opportunity to use a large variety of wood-working tools. Our motto: Building confidence and teaching with respect and humor in a safe and happy environment. *A \$35 supply fee due to instructor on first day.*

Painting Without A Brush

5-10 Yrs

Learn about the elements of art and principles of design in an amazingly fun way. During this week-long camp, participants will work on a number of acrylic, tempera, and watercolor paintings without using traditional paintbrushes. Instead, students will use palette knives, sponges, cotton swabs, masking tape, sand, caulk, spray bottles, and other tools to create abstract and representational paintings. Each day, participants will add design elements to a large board painting and work on an additional art project. Fun and appropriate for any age and artistic level. *\$25 supply fee due to instructor on the first day.*

Transatlantic Soccer Skills Camp

T 5-15 Yrs

At Transatlantic Soccer, our top experienced coaches from Europe come to America with the aim to develop the soccer skills of the players we work with through fun games, drills and game related practices. Our coaches go through an intensive practical and formal interview process to ensure that they are experienced and have a genuine love of working with the game and working with children. We believe that by creating a fun learning environment, the children at our camps will learn faster and take our coaching points on board. Although during our beginner and intermediate camp we will teach through fun games, its important that each fun game that we play has a purpose and will always refer to the coaching points that are being taught that day. Our camps are all about learning and developing as a player both technically, tactically and inter-personally. We offer summer camps for beginners, intermediate players and advanced players and at each camp players are split into a group based on age, ability and start practicing right away.

Tennis Camps

5-12 Yrs

The Lafayette Tennis Club offers the finest and most modern method of tennis instruction. Our focus during each session is the individual development of every player. We will assist all students in developing basic fundamental tennis strokes, court knowledge and general playing skills. Each student will experience a combination of group and individual instruction and attention. The camp is overseen by Hunter Gallaway, Tennis Director and Owner. He is formerly a world ranked player, collegiate All-American, and USPTA certified instructor. He is assisted by Head Pro and Camp Director Jason Huck and an outstanding group of experienced counselors who have been personally trained in all aspects of teaching tennis. Players ages 5-12 will use our new quick start program. The Quick start program allows the new Junior Player to use the right size and weight racket, a smaller court, and softer balls that do not bounce too high. On the first day, newcomers will be able to rally! The kids have so much fun! Learning and improving skills is easier and quicker! **Skip 7/4**

SCIENCE CAMPS

Mad Machines & Robots

6-11 Yrs

Whether your child loves to build things or destroy them, this week of camp includes lots of both! The junior Mad Science engineers will design and build structures using simple tools and their imaginations. Children will discover how many different machines, simple & complex, we use in our daily lives. Campers will design simple machines using pulleys, wedges, screws and levers and have fun learning how catapults work—then we move on to fun with the Mad Science robots! Each camper will build robots that you can keep, all the while learning the science of robotics. *\$.30 supply fee payable to instructor at first class.*

Why? How? What? Wow!

6-11 Yrs

Asking big questions about some of the most common miracles of scientific discovery. How do plants grow, live, and feed? Why is it possible to travel into outer space? What powers humans and our homes? All of our greatest scientific advancements started with a question. In Why? How? What? Wow! young scientists set out to find answers! Students will learn how animals track scents and follow a trail of amazing aromas. We'll delve into natural dyes found in plants and even make our own paper! Blast off to fun when we explore rocket science and the physics of flight. Learn from the designs of great inventors like Alexander Graham Bell, Nikola Tesla, and Leonardo DaVinci. Discover the wonder of even our most basic cells. Take a journey through circuitry and test for 'invisible' conductors. Why? How? What? Wow! is a fantastic week of experimenting with zany xylem, building your own rocket to launch and witnessing indoor lightning strikes! Each day campers will create and take home a project to remind them of what they learned during each day of camp. *\$.30 supply fee payable to instructor at first class.*

Fun with Programming

6-12 Yrs

Have fun learning how to write computer programs! We will explore designing simple games and writing code to have Minecraft do fun and useful things! Students will learn the fundamentals of computer programming using the versatile language, Python, and will be able to immediately see the results of their code. All necessary equipment will be provided for use during class. The main goals of the class are to give students a fun experience, while increasing their exposure to STEM (Science, Technology, Engineering, Math), the scientific method, planning, prioritization, time management, completing projects from start to finish, and organization. Students will gain an appreciation for programming and see how easy it is to learn. They will learn how to break down and analyze problems as they debug their code. Beginner Photoshop Fun

T 10-17 Yrs

Learn how to use Adobe Photoshop in a week-long, project based course. Within a week, participants will learn how to manipulate digital images and create original works of art by merging digital media and traditional fine arts. Participants will use Photoshop as a tool to create a painting on canvas, make typographic portraits, extract images, and create visual textures. This course will be taught using Mac computers. Access to laptops, printer, paper, paints, brushes, and canvas will be provided by the instructor. Please note, this course is not a Photoshop class for digital photographers, but is intended for those interested in creating graphic art and using Photoshop as a tool to create works in traditional art media. *\$30 materials fee payable to instructor.*

LEGO® Bat League—Heroes and Villains

5-11 Yrs

Gotham—a dark city where a dangerous jokester and other evil villains wreak havoc. Thankfully there is a bat hero who comes out each night to fight these evil-doers! Campers will use their imaginations, building skills and crime-fighting passion in this thrilling camp of bat heroes and villains! The good guys will ride into action as campers build motorized models of the bat hero's speedy vehicle and bat girl's sleek motorcycle. But keep the bat light searching for the evil jokester's motorized low rider vehicle cruising through the city streets as well. Send the bat hero swinging on his grappling hook technic model from one skyscraper to the next as he fights crime with his trusty super sidekick. Who knows...other Super Heroes might show up too.

Reservoir Walking Group

Led by Jim Scala, Lafayette Today's "Walking the Reservoir" Columnist

Meet us at the reservoir every Tuesday, Thursday and Saturday for camaraderie, fresh air and enjoyable exercise, all in magnificent surroundings. Choose the distance that suits you by joining the group that walks the entire circuit, or the group that goes the shorter distance which avoids the large hills, yet yields sufficient moderate exercise. Optional bonus for both groups: at the end of the walk, Jim will lead you through easy yoga poses and breathing exercises in the most beautiful outdoor yoga studio: the band stage overlooking the water. Increase your balance and fitness—both physical and mental—and leave each week uplifted and radiant with that overall feeling of well-being! To add your name to the email notification list contact us at Seniors@LoveLafayette.org or 284-5050. Bring quarters or credit card for parking meter. Annual senior (62+) passes may be purchased at the Visitor Center at the reservoir.

From the Lamorinda Spirit Drivers

Hadi: "I joined the Lamorinda Spirit Van about two years ago, and every Thursday morning I take a group of older adults grocery shopping. I have come to realize how much I look forward to seeing my six ladies each week, and I can't help but notice how happy the ladies are when I'm driving them. It's great to be a part of their lives. I feel I'm providing a very important and necessary service to our community; and who knows, maybe someday I will need this wonderful service myself."

Jeanne: "I am one of the newest Spirit Van drivers, though I have chosen to volunteer with seniors many times in my life. I have been thrilled to meet the people who regularly ride the van—they are mostly in their 80's and 90s, many late 90's, who are very kind and appreciative. For my first shift, my kids (aged 9, 6 and 3) made holiday cards for me to hand out. A couple shifts later, there was a handwritten note in my folder from one of the ladies to my son. She thanked him for the drawing and said she had it hanging on her refrigerator. Satisfying community interaction all around!"

Mike: "One of our passengers was scheduled for a four o'clock pick up at BART. I arrived about 15 minutes early and she was already there. I asked how long she had been waiting, and she replied she had been there since 3:15. She then explained that she didn't ever want to keep a Spirit driver waiting for her. That is one dedicated rider!"
