NOTICE OF ROAD CLOSURE

June 15, 2018

Subject: City of Lafayette 2018 Road Rehabilitation Project, Project Number 014-9713

Dear Residents:

Graniterock will be starting the roadway reconstruction and paving phase of work starting June 25, 2018, on **Del Arroyo Ct. & Hillview Lane Dr.** During this phase of work the street will be closed between 8:30 a.m. and 4:30 p.m., and parking on the shoulder of the road will be prohibited from 8:00 am. to 5:00 pm. You may park outside the closure on surrounding streets in any legal parking space to have access to your vehicle during the road closure hours. If the contractor allows vehicle traffic into or out of the closure it will be at their discretion and dependent on the construction activity and safety of the access. Please note that emergency vehicles will be provided access at all times.

The contractor's schedule calls for the following road closure dates:

Del Arroyo Ct. & Hillview Lane Dr.

June 25th – June 27th – Pulverize, grade, & cement treat the roadway

(Note: no work will be done on the weekend)

July 2nd, 2018 – Paving Base Lift of asphalt

July 3rd, 2018 – Paving the final layer of asphalt

Changes in the work dates will be posted on or near the project information sign at the entrance to your street. In addition, weekly updates for the project schedule will be posted on the City's web site at <http://www.ci.lafayette.ca.us> Select "Public Works & Construction" in the quick links section of the home page; then select the link for this project under "City Construction Projects," then select the 2018 Road Rehabilitation Project.

The city and the contractor are anxious to complete this project with minimum delay and inconvenience to you. While the work is in progress, please lend us your cooperation and extra patience and be alert to equipment, workers, and traffic control.

During the construction, questions regarding the work may be directed to Chris Silva, Site Superintendent for Graniterock at (510) 612-6548. I may be reached at (925) 284-1951. Again, your patience and cooperation are very much appreciated.

Sincerely,

Farzaneh Sanders
Senior Engineer
