

Project Update

First Street Rain Garden Project

Date: March 31, 2023

This week, the contractor finished pouring foundations for the electrical lights and welding the top of the handrail. Next week the contractor plans to finish installing the bollard lights and turning on the power at the site.

The opening event for the Rain Garden is scheduled for April 15th at 10am.

If you have any questions or concerns, I may be reached at (925) 299-3245. Again, your patience and cooperation are very much appreciated.

Tim Clark
Assistant Engineer
