Wednesday, Nov. 16th, 7 - 8:30 at the Lafayette Library & Learning Center

TOPIC~ See Us: Hear Us The Renters' Narrative of Life in Lafayette

Nearly 30 percent of homes in Lafayette are occupied by renters. What does it look like to pay rent in Lafayette for single parents or low, moderate and modest households? What are the challenges? What's the silver lining? What obstacles do people encounter when trying to transition from renters to owners in Lafayette? Join us for a panel discussion that includes the voices of service workers, educators, doctoral level professionals and corporate employees who will share their truths, struggles, hopes and dreams as renters.

The evening will be facilitated by Sharon K. Sobotta.

Masks are recommended.
