6th Cycle Housing Element  
City of Lafayette

## 1 INTRODUCTION

In addition to this status report, the State Department of Housing and Community Development has provided guidance on reporting about the impact of actions of special needs groups, specifically: “Provide a description of how past programs were effective in addressing the housing needs of the special populations. This analysis can be done as part of describing the effectiveness of the program if the jurisdiction has multiple programs to specifically address housing needs of special needs populations or if specific programs were not included, provide a summary of the cumulative results of the programs in addressing the housing need terms of units or services by special need group.”

Because of its small size and the fact that it is not an entitlement jurisdiction with federal funds, the City does not provide direct services to individuals or households and as such does not have a mechanism for tracking services to special needs groups. In addition, with the dissolution of Redevelopment Agencies in 2012, the City lost its primary source of funding to assist in the development of affordable housing, including housing that would serve special needs groups. The last project assisted by the City with RDA funds was the 46-unit Belle Terre project, a development for very low-income seniors. Through the 6<sup>th</sup> Cycle Housing Element, the City aims to identify mechanisms to address the housing needs for these special populations.

The following status update will include information on special needs groups only to the extent that information was made available to the City.

Program	Status	Comments
<p><b>Program H-1.1.1: Rehabilitation/Preservation Program:</b> Support the Contra Costa County Housing Authority (CCCHA), which provides low interest loans for the rehabilitation of homes owned or occupied by low- to moderate-income households. The City will continue to assist in citizen awareness of this rehabilitation loan program by a) making pamphlets on this program available at City Hall and at the public library; b) contacting neighborhood groups in older residential areas with this information; c) continuing building code enforcement through the County's Building Division; and d) continuing to provide updated information through the City's website, Vistas (the City newsletter) and other relevant media.</p> <p>Responsibility: Planning Department Financing: City and County Scheduling: Ongoing</p>	Ongoing.	<p>Pamphlets are available at the City offices and Contra Costa Building Inspection Department. The existing program is not within the jurisdiction of the City and is not a measurable or timebound item. There is still value in providing information on home rehabilitation programs for low-income homeowners and the program should be converted into a policy.</p> <p>Effectiveness: Low. The City received only one or two inquiries about assistance for rehabilitating homes; these inquiries were referred to the County.</p> <p>Appropriateness: Change to an ongoing policy. <u>There is no information to report on special needs groups.</u></p>

Program	Status	Comments
<p><b>Program H-1.1.2: Code Enforcement Program:</b> Continue the code enforcement program to encourage the rehabilitation and/or elimination of physically obsolete and substandard housing.</p> <p>Responsibility: Planning Department  Financing: City  Scheduling: Annually as an ongoing program</p>	Ongoing	<p>The City hired a full time Code Enforcement Officer in 2006. The Lafayette Municipal Code was updated in 2009 to provide new regulations for a more robust code enforcement and property maintenance program. In 2021, the Code Enforcement Officer handled four hundred and sixteen cases. Fifty-five cases involved property maintenance and upkeep.</p> <p>Effectiveness: High.</p> <p>Appropriateness: Continue with the program. <u>There is no information to report on special needs groups.</u></p>
<p><b>Program H-1.2.1: Maintenance of Existing Residential Zoning:</b> Retain existing residential zoning and revise the Zoning Ordinance to disallow commercial uses, other than residential businesses, in these zones. Continue to require architectural review of non-residential structures (e.g. schools, churches, fire houses, police stations, utility structures) in residential zones to ensure conformity with existing neighborhood character.</p> <p>Responsibility: Planning Department  Financing: City  Schedule: Ongoing</p>	Ongoing	<p>Requirements for design review for non-residential structures and uses in residential zones are included in the municipal code. This program is not necessary to achieve its intended purpose as the zoning code enables this review.</p> <p>Effectiveness: Low.</p> <p>Appropriateness: Discontinue the program. <u>There is no information to report on special needs groups.</u></p>
<p><b>Program H-1.2.2</b></p>		<p><i>Omitted as typo in previous Housing Element.</i></p>
<p><b>Program H-1.2.3: Conversion of Housing Units Downtown:</b> Work with property owners through the permitting process to convert and reclaim illegally converted units back to their original residential use.</p>	Completed	<p>The City has prioritized the retention of housing in the downtown and worked with two property owners to return residential units previously illegally converted into commercial spaces. One property has received entitlements to be redeveloped into 71 units with 9 below-market-rate units. In</p>

Responsibility: Planning Department Financing: City Scheduling: 2016-2017		<p>2014, the City adopted an ordinance establishing a process for an applicant to receive temporary approvals for commercial uses in residential spaces.</p> <p>Effectiveness: High.</p> <p>Appropriateness: Continue with the program. <u>There is no information to report on special needs groups.</u></p>
<p><b>Program H-1.4.1: Condominium Conversions:</b> Consider amendments to the existing condominium conversion regulations (Chapter 32 of Title 6 of the Municipal Code). Amendments that would be considered include exemption of limited equity residential cooperatives that provide long-term affordability for the units; requirement of relocation assistance by the proponent when units are converted; and requirement of first right of refusal by occupants. Where there are existing affordable units, require conversion projects to retain the same number of affordable units when they convert to ownership. Periodically review the provisions of the Condominium Conversion Ordinance to ensure that it adequately protects the existing rental housing stock. Conversions will require that 15% of the units be set aside for affordable housing.</p> <p>Responsibility: Planning Department            Financing: City            Scheduling: 2018</p>	Not completed	<p>Recent changes in state law have established regulations to require relocation assistance and first right of refusal, which were objectives in the existing program. The program should be amended to reassess these regulations to incorporate best practices within the context of the current regulatory environment to retain affordable housing units.</p> <p>Effectiveness: Not known.</p> <p>Appropriateness: Amend the program. <u>There is no information to report on special needs groups.</u></p>

Coordinate community activities and programs with Sustainable Lafayette.</p> <p>Responsibility: Planning Department  Financing: City  Scheduling: Ongoing</p>	<p>Ongoing</p>	<p>The existing program is not a measurable or timebound item and should not be retained as a program. Events were not held in 2020 or 2021 due to the COVID-19 pandemic. The existing program is not a measurable or timebound item and should not be retained as a program. As a policy, this item can still support energy conservation and sustainability through the provision of information to the public.</p> <p>Effectiveness: Moderate.</p> <p>Appropriateness: Convert the program to an ongoing policy. <u>There is no information to report on special needs groups.</u></p>
<p><b>Program H-1.5.4: Home Energy Retrofit Program:</b> Work with Contra Costa County to offer subsidized home energy assessments and rebates on the cost of energy efficiency improvements to residents proposing home improvement projects that achieve at least a 20% reduction in home energy consumption.</p> <p>Responsibility: Planning Department  Financing: State Energy Program grant  Scheduling: Ongoing</p>	Ongoing	<p>The existing program is not within the jurisdiction of the City nor is it a measurable or timebound item. <p><b>Program H-1.6.1: Review Existing Zoning Regulations that Protect Existing Smaller Units:</b> Strengthen design review findings to ensure that new homes and additions are in keeping with the character of the neighborhood.</p> <p>Responsibility: Planning Department  Financing: City  Scheduling: 2016</p>	<p>Completed and amended</p>	<p>Over the last several years, the City has received requests to substantially enlarge smaller, older homes in existing neighborhoods or replace them with larger homes – both of which can undermine the existing character of the neighborhoods, have impacts on neighboring properties, and adversely affect the variety of single family house types and supply of affordable housing in the City. The City Council directed staff to further clarify the factors to be considered when evaluating neighborhood compatibility; however, recent changes in state law have put in place requirements to only review developments against objective design standards. The City plans to amend this program to focus on development of objective design standards for residential development more broadly.</p> <p>Effectiveness: High.</p> <p>Appropriateness: Amend the program. <u><a href="#">There is no information to report on special needs groups.</a></u></p>
<p><b>Program H-1.7.1: Capital Improvement Program:</b> Provide for annual review by the Planning Commission and City Council of the City's Capital Improvement Program (CIP) to determine what special priorities are needed for capital improvement projects required to maintain the community's older residential neighborhoods. The City prioritizes resources to areas of Lafayette that need it the most. In 2021, the following streets in the older neighborhoods closest to the downtown were resurfaced – Moraga Road and Reliez Valley Road.</p> <p>Effectiveness: High.</p>

Program	Status	Comments
<p><b>Program H-2.1.2: New Mixed-Use Developments:</b> Support, as appropriate, projects that include a mix of both residential and commercial development in the Downtown by providing incentives such as scheduling joint study sessions of the City Council and commissions to gather early input, considering reductions in parking requirements if studies demonstrate different peak periods between land uses and facilitating interagency coordination during the development review process. For projects fronting downtown streets, consider requiring that housing be located on upper floors, allowing for commercial uses on the ground floor on a project-by-project basis.</p> <p>Responsibility: Planning Department  Financing: City  Scheduling: Ongoing</p>	Ongoing	<p>Lafayette has experienced a loss of commercial space throughout the downtown due to residential development and should study requiring ground floor commercial space to provide some degree of replacement space. This requirement may affect financial feasibility of development and must be based on and responsive to the needs of business in Lafayette.</p> <p>Effectiveness: Moderate-high.</p> <p>Appropriateness: Amend the program. <a href="#"><u>There is no information to report on special needs groups.</u></a></p>

<p><b>Program H-2.4.3: RHNA Monitoring Program:</b> Maintain the residential sites inventory that can accommodate the City’s regional housing needs allocation of 361 units. Update the inventory annually to monitor the consumption of residential and mixed use properties. If sites in the inventory are developed for non-housing purposes, new sites will be added to the inventory to ensure the City’s ongoing compliance with the “no net loss” provisions of Housing Element Law. Post the Housing Element sites inventory on the City’s website as a tool for developers, and provide as a handout at the public counter.</p> <p>Responsibility: Planning Department  Financing: City  Scheduling: Annually as part of the Housing Element Annual Report</p>	Ongoing	<p>The assessment is conducted annually and the inventory has been posted on the City’s website.</p> <p>Effectiveness: High.</p> <p>Appropriateness: Continue the program. <u>There is no information to report on special needs groups.</u></p>

Program	Status	Comments
<p><b>Program H-2.5.1: Second Dwelling Unit Construction:</b> Periodically review the existing Second Unit Ordinance and the number of such units that have been built in the past three years to determine what modifications of this section of the Zoning Ordinance may be required to increase the number of these units constructed. Continue to fast track processing for units meeting established standards.</p> <p>Responsibility: Planning Department Financing: City and Housing Developers Scheduling: Ongoing</p>	Ongoing	<p>The City Council has a longstanding practice of subsidizing the application fees for accessory dwelling units (f.k.a. second units), and they are fast-tracked. The City Council has updated the municipal code to address changes in state law effective 1/1/2017 and 1/1/2020. Whereas historically the maximum permissible size of an ADU was 750 sq.ft., it is now 1,200 sq.ft. Several additional changes were made, primarily to streamlining. Fee deferrals to the Certificate of Occupancy phase of the project</li> </ol> <p>The development incentives contained within this section shall encourage the effective utilization and consolidation of parcels to encourage more viable development opportunities. The City will monitor the effectiveness of these incentives on an annual basis and revise as needed.</p> <p>Responsibility: Redevelopment Agency/ Planning Department  Financing: Redevelopment Agency/City  Scheduling: 2011 and ongoing</p>	<p>Ongoing</p>	<p>There have been several recent developments in the downtown that have consolidated lots. The City no longer has access to Redevelopment funds to subsidize fees and the City already schedules joint meetings with hearing bodies to streamline project review times and provides technical assistance to developers. The program should be amended to work with owners of small lots to assess level of interest in lot consolidation and develop new incentives to support conversion of these sites to residential or mixed uses.</p> <p>Effectiveness: Low.</p> <p>Appropriateness: Amend the program. <u><a href="#">There is no information to report on special needs groups.</a></u></p>

Program	Status	Comments
<p><b>Program H-3.1.2: Housing Fund:</b> Create a Housing Fund with contributions of funds collected from private and public sources to implement and/or supplement the City's housing programs. Consider funding programs specifically designed to make housing available to extremely low, very low, low and moderate-income populations. Use of the Housing Fund will be governed by guidelines as set out in the Municipal Code. There are several possible sources and uses of this fund. Loans, grants, developer fees and other funding sources could be used to reduce the cost of land acquisition and construction for affordable housing, and to prevent and reduce homelessness. Give priority to projects that contain extremely low-income units. Explore the feasibility of imposing fees to fund affordable housing, for example, through building permit surcharges or commercial linkage fees. Any return of Redevelopment Funds (through repayments or other activities) will be added to the Housing Fund for re-use as affordable housing funds.</p> <p>Responsibility: Planning and Finance, City Manager  Financing: City and other sources listed above  Scheduling: 2019</p>	Completed	<p>The Housing Fund was created in 2019 and contains approximately \$1.9 million. The City should amend the program to create an implementation plan for these funds as well as identify ongoing sources of revenue for the Fund to subsidize affordable housing.</p> <p>Effectiveness: Low after the elimination of redevelopment. <p><b>Program H-3.1.4: Available Funding:</b> Support efforts to obtain available State and federal assistance to develop affordable housing for seniors, large households, households with children and those with special needs by providing City Council/Redevelopment Agency Board resolutions of support to developers of affordable housing projects. Also consider, on a case-by-case basis, providing the developers of affordable housing projects with Redevelopment Agency housing set aside funds to improve the chances of securing State and federal assistance. Give funding priority to projects that contain extremely low-income units. Actively pursue such grant opportunities as the Transportation for Livable Communities and Station Area Grant.</p> <p>Responsibility: Planning Department  Financing: Local, State and federal sources  Scheduling: Ongoing; includes Tax Credits (usually July and March); HOME/CDBG funds (November); AHP funds (March), and other HUD programs (usually once a year or more). The City will support applications for all funding opportunities according to applicable NOFA schedules.</p>	Ongoing	<p>The City has and will continue to actively pursue grant opportunities as Redevelopment funds are no longer available. However, because the City cannot control when developments eligible for state and federal assistance will be proposed, the program should be converted to an ongoing policy to provide direction when such projects are proposed.</p> <p>Effectiveness: High.</p> <p>Appropriateness: Convert the program to an ongoing policy. <u>There is no information to report on special needs groups. The City did assist in the development of a 46-unit development for very-low income seniors (Belle Terre), some of whom were persons of color.</u></p>

Provide concessions and waivers as required by law.</p> <p>Responsibility: Planning Department  Financing: City and developers</p>	Completed	<p>The City Council adopted a density bonus ordinance in 2014, which has been used many times by developers in the past few years. However, there have been recent changes in State Density Bonus Law and amendments are needed to the City's Ordinance. This program should be amended to include language for the City to update its Ordinance to be consistent with state law.</p> <p>Effectiveness: Moderate.</p>

Scheduling: Ongoing		Appropriateness: Amend the program. <a href="#">There is no information to report on special needs groups.</a>

<p><b>Program H-3.6.2: Emergency Shelter Capacity Monitoring Program:</b> Ensure that there are sufficient sites in appropriate zones to accommodate an emergency shelter of up to 30 beds. If C-1 sites identified in the inventory are developed for non-shelter purposes, new sites and/or zones will be identified after a detailed analysis of available land has been conducted to ensure that the new sites are of appropriate size and have suitable and adequate capacity to accommodate the City’s emergency shelter needs.</p> <p>Responsibility: Planning Department Financing: City Scheduling: Annually as part of the Annual Report on the Housing Element</p>	Ongoing	<p>The 2020 homeless count conducted by Contra Costa Health Services reveals that there were three homeless persons in Lafayette. The City maintains zoning which allows emergency shelters to be established.
